

ATTENTION EVENT ORGANIZERS

List your event, free, on www.crosscountryskier.com!

Cross Country Skier magazine is offering free event listings on www.crosscountryskier.com. This is a self-posting system and you may list as many events as you like. However, we ask that you limit the type of events to: organized tours, races, training camps, clinics, festivals and major winter sport celebrations, demos, ski swaps, etc.. Because of the volume of events, we cannot post every single event such as candle light skis.

We cannot post blatant commercial events like discount sales, lodging packages, etc.

All events will be reviewed before they are posted and those not fitting these criteria will not be accepted.

We hope you take advantage of this offering and that your event(s) benefit from the additional exposure.

Please do not send lists of events to us as we have a small staff and are unable to post these events ourselves.

Instead, go to www.crosscountryskier.com. Go to "Events" and then "Post an Event." Fill out the form and click Submit. It takes only a few seconds.

Thanks and best of luck with your event.
