

Para-Nordic at Ontario Cup #1

The largest contingent ever of Ontario Para-Nordic cross country ski racers participated at the first O Cup of the season in Duntroon on the weekend. Five sit skiers and nine standing Para-Nordic skiers competed in the sprint races on Saturday and the mass start distance races on Sunday. The fourteen Para-Nordic competitors from across Ontario included Paralympians Robbi Weldon, Margarita Gorbounova and Alexei Novikov. The race was hosted by the Highlands Trailblazers. Mother Nature helped out with more than a metre of new snow in the week leading up to the races. All results are posted on Zone4.

Jeanie Rochon and Tanya Quesnel battling in the sprint.
